Rick Haaker should be sitting there or available.

Alex should be able to sync you up with him

Hold off on template until we get this approved. Any word from your health physicist?

Hey Everyone,

Here is the first stab at the Data Element Dictionary for the SCRIBE database to support the fires ER. This is very rough and we need your input. Please review and provide comments, I would not distribute this very far right now because it is a very rough first draft.

Melissa is working on an ERD as we speak.

Thanks,

Brad Morgan
